Further details to report to your supervisor, please include any concerns you may have:

I again did a lot of work on the literature review as well as the project presentation. Because I was in charge of Nawshin and Nishat, I assigned all the tasks they needed to do over the weekend. But Nishat was not able to work at all, and Nawshin did make some meaningful progress, but right at the end, so I ended up cmopensating for both during this week. This increased my tasks alot and I had to work a lot.
